| extra long description | ETN 10250TC23 PLASTIC LENS BUTTON Y                                                                                                                                                                                                                                                                                             |
| Features               | Eaton's 10250T line of 30.5 mm pushbuttons features a heavy-duty zinc die cast construction. Reliability nibs improve contact reliability even under dry circuit and fine dust conditions. In addition, drainage holes prevent the buildup of liquid inside the operator, which can prevent operation in freezing environments. |
| Long Description       | Eaton 10250T pushbutton lens, 10250T series, PresTest<br>Pushbutton Lens, Yellow actuator, Plastic, Legend: Blank legend                                                                                                                                                                                                        |
