Description	COLD SHRINK QS-III SPLICE KIT, 15KV
extra long description	3M 7000006177 3M™ Cold Shrink QS-II
Features	The cold shrink splice body is a one-piece molded design made of special formulated silicone rubbers, while the cold shrink jacketing is made of EPDM rubber for physical protection. Each splice manufactured is factory tested to provide reliability. The splices can be used with standard copper (Cu) or aluminum (AI/Cu) inline compression (crimp type) connectors, and can be used for size transitions within the listed kit size range. They are designed to exceed minimum industry test standards, and have a BIL ra
