Features	The development of Kellems strain relief grips spearheaded the concept of wire management solutions in 1927 and is still the most frequently chosen brand for use in a wide range of industries. A deluxe cord grip is a type of strain relief grip. Deluxe cord grips provide additional arc of bend control—rest outside the enclosure to reduce tension on cables, joints and terminals, as well as eliminating damage due to flexing, bending, twisting or vibration. This juncture—often called the rigid fatigue point—is
