

## Fire alarm circuit breaker

### Multiple applications

- Provides clear permanent indication of fire alarm circuits in accordance to NFPA 72 requirement via "Red" handle and "FIRE ALARM CIRCUIT" label
- Available in plug-on and bolt-on configurations to meet your application needs

### Eaton exclusive product

The fire alarm breaker family of products is available exclusively through your local Eaton distributor.

### NFPA 72, 2016

#### Section 10.6.5.2.2

"The system circuit disconnecting means shall be permanently identified as to its purpose. Methods for marking shall be permitted to include, but not limited to, one of the following: (1) 'FIRE ALARM' for fire alarm systems..."

#### Section 10.6.5.2.3

"For fire alarm and signaling systems, the circuit disconnecting means shall have a red marking."

The fire alarm circuit breaker provides your installation with a clean and professional look, without the use of marker or red tape.
