Descriptions

Description	1P 50A 120V BREAKER
Features	Eaton's residential CH circuit breakers provide premium overload protection. The Type CH circuit breakers trip to the OFF position, eliminating nuisance callbacks. The CHF family also includes a trip flag to differentiate between a trip and the breaker being turned off. The thermal-magnetic trip curve avoids nuisance tripping on mild overloads while reacting almost instantaneously to severe short-circuit conditions. Multiple breakers have an internal common trip connection to operate all poles simultaneous
Long Description	ETN CH150 CH15096-4604-11Type CH Br
Product Type	CH15096-4604-11TYPE CH Breaker 50A/1 Pole 120/240V 10K
