• Photo-cell standard

• UL924 Wet Location Listed, 0°C to 50°C Standard Model, -20°C to 40°C with optional heater

UL924   Title 20

SPECIFICATIONS

DESCRIPTION
• The CUW Series offers LED performance in "normally-on" AC and emergency lighting modes

• The unit has a prismatic polycarbonate refractor with a durable die-cast aluminum housing available with durable powder coated finish in dark bronze

• The housing is fully sealed and gasketed. It is designed for wall mounting with a universal K/O pattern in the back-plate for installation to most standard size junction boxes

• Illumination is provided by 2 high power LEDs driven at 3 watts each

• LED color at 5500K. Offers 1275 lumens in Normally-On mode and 351 lumens in emergency mode

• In the unlikely event that any single LED should fail the remaining LED will continue to function

APPLICATION
• The CUW Series can be applied in areas that are susceptible to rain and severe moisture, such as parking decks and outdoor commercial applications.

COMPLIANCES
• UL924 Listed for Wet Location

• NFPA 101

• NFPA 70

• OSHA

WARRANTY
• 2 year full unit warranty
