with mud cover in place

Box without mud cover

**COVER KITS FOR BOX**

PLASTIC COVERS  
in 5 COLORS

**NEW!**

Arlington's cost-effective **FLOOR BOX KITS** offer installers the low cost, convenient way to install a receptacle flush with the floor wherever your customer needs one.

Arlington's FLOOR BOX and COVER KITS **FOR NEW CONCRETE** offer flexibility and convenience.

Made of heavy-duty plastic, our 4.5" non-metallic **concrete box** is a common size, that accommodates our 6" round covers as well as most other round covers on the market.

Our versatile concrete box covers are available with flip lids or threaded plugs in brass or nickel-plated brass. **And NOW plastic, in five colors, including paintable white!**

They offer easy installation of receptacles so they'll look great wherever they're installed!

For the **fastest** installation, our trapdoor covers ship **ready to use** with a pre-installed gasket and decorator-style receptacle.

A selection of leveling rings and adapters allows our covers to fit our boxes and most other manufacturers' concrete boxes.
