# NON-METALLIC BOXES THREE STYLES

# FLUSH FIT

FOR NEW OR EXISTING FLOORS

Arlington's **UL Listed FLOOR BOX KITS** offer installers the low cost, *convenient* way to put a receptacle in the floor – with a box that installs flush with the floor.

We have a floor box for nearly any job site condition. There's one for new concrete pours, a box for existing floors – and an *adjustable* box that fits most finished floor heights up to 2". All are available with oversized non-metallic or metal covers. And all install flush with the floor surface

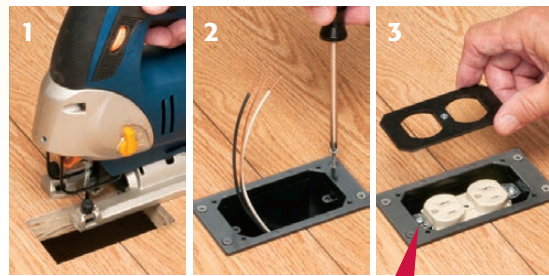

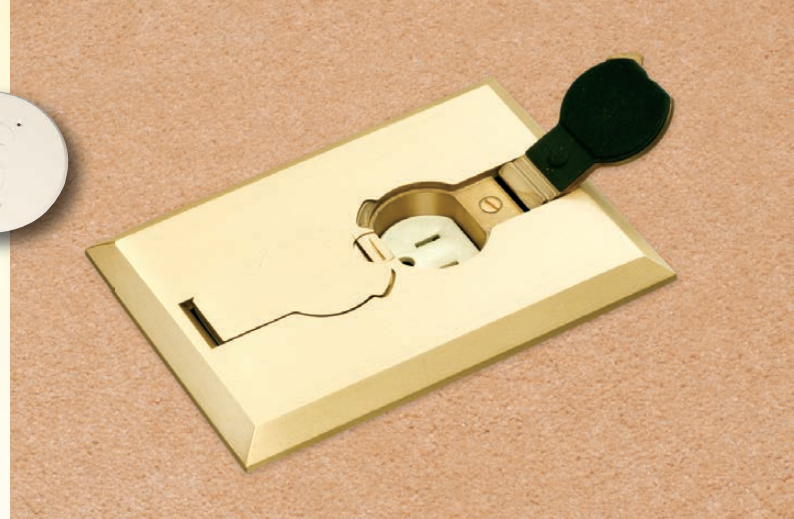

**COVERS** Our non-metallic boxes have gasketed covers that prevent water intrusion – with your choice of threaded plugs or flip lids that protect the receptacle when it's not in use. Best of all, they're oversized to hide miscut flooring!

Arlington's single-gang floor box kits are available with metal or non-metallic covers in a variety of colors and finishes.

**Non-metallic** in white, black, brown, light almond and **metal** in brass and nickel-plated brass.

## FLOOR BOX KITS, COVERS, ACCESSORIES

# NEW & EXIST

FOR NEW OR EXISTING FLOORS

Arlington's cost-effective **FLOOR BOX KITS** offer installers the low cost, *convenient* way to install a receptacle *flush with the floor* wherever your customer needs one.

This new series of floor box kits, covers and accessories is designed for installation convenience in new and existing floors, and new concrete pours – as well as interchangeability with a variety of other manufacturers' floor boxes.

Available with a **steel** box and a gasketed brass or nickel-plated brass cover to prevent water intrusion, the cover comes with threaded plugs or flip lids to protect the receptacle when it's not in use.

**With a variety of floor box kits and individual metal covers and accessories, Arlington offers just about any option you could possibly need...**

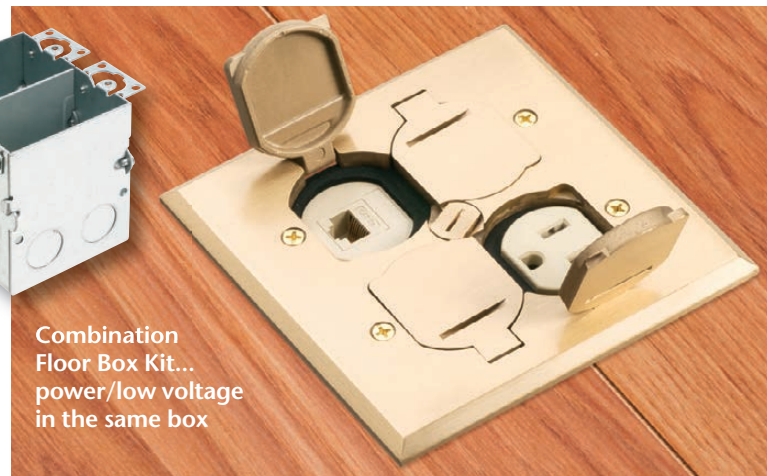

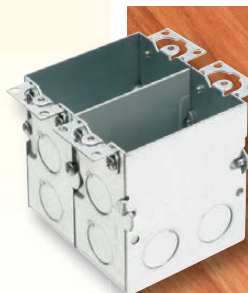

- Single and two-gang floor box kits...and a *combination* box kit with an installed divider for power and low voltage in the same box.
- Rectangular or square metal covers with flip lids or threaded plugs...also sold separately.

Covers with threaded plugs for two-gang box

Cover with flip lids for single gang (or two-gang) box

Combination Floor Box Kit... power/low voltage in the same box

## COVERS TO FIT OTHER MANUFACTURERS' BOXES FOR GOOD LOOKS ANYWHERE!

# ING FLOORS and NEW CONCRETE

Arlington's FLOOR BOX KITS and COVERS **FOR NEW CONCRETE** offer flexibility and convenience.

Made of heavy-duty plastic, our 4.5" non-metallic concrete box is a universal "fits all" size, that accommodates our 6" round covers as well as *most other round covers on the market.*

Our versatile concrete box **covers** are available with flip lids or threaded plugs – in brass or nickel-plated brass. They deliver easier-than-ever installation of receptacles so they'll look great wherever they're installed!

A selection of leveling rings and adapters allows our covers to fit our boxes *and* most other manufacturers' concrete boxes.

For the fastest installation, our trapdoor covers ship *ready to use* with a pre-installed gasket and decorator-style receptacle.

BRASS & NICKEL-PLATED BRASS METAL COVERS

# INTERCHANGEABLE

## FLOOR BOX KITS, COVERS, ACCESSORIES

# NEW & EXIST

FOR NEW OR EXISTING FLOORS

Arlington's cost-effective **FLOOR BOX KITS** offer installers the low cost, *convenient* way to install a receptacle *flush with the floor* wherever your customer needs one.

This new series of floor box kits, covers and accessories is designed for installation convenience in new and existing floors, and new concrete pours – as well as interchangeability with a variety of other manufacturers' floor boxes.

Available with a **steel** box and a gasketed brass or nickel-plated brass cover to prevent water intrusion, the cover comes with threaded plugs or flip lids to protect the receptacle when it's not in use.

**With a variety of floor box kits and individual metal covers and accessories, Arlington offers just about any option you could possibly need...**

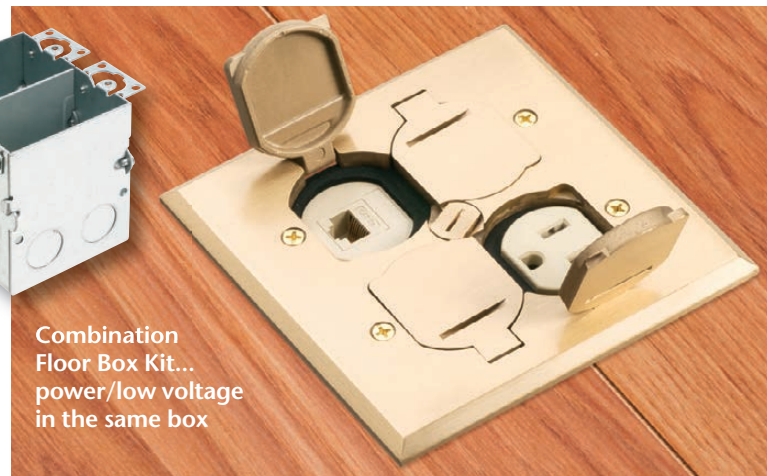

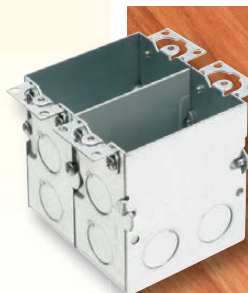

- Single and two-gang floor box kits...and a *combination* box kit with an installed divider for power and low voltage in the same box.
- Rectangular or square metal covers with flip lids or threaded plugs...also sold separately.

Covers with threaded plugs for two-gang box

Cover with flip lids for single gang (or two-gang) box

Combination Floor Box Kit... power/low voltage in the same box

## COVERS TO FIT OTHER MANUFACTURERS' BOXES FOR GOOD LOOKS ANYWHERE!

# ING FLOORS and NEW CONCRETE

Arlington's FLOOR BOX KITS and COVERS **FOR NEW CONCRETE** offer flexibility and convenience.

Made of heavy-duty plastic, our 4.5" non-metallic **concrete box**

is a universal "fits all" size, that accommodates our 6" round covers as well as *most other round covers on the market.*

Our versatile concrete box **covers** are available with flip lids or threaded plugs – in brass or nickel-plated brass. They deliver easier-than-ever installation of receptacles so they'll look great wherever they're installed!

A selection of leveling rings and adapters allows our covers to fit our boxes *and* most other manufacturers' concrete boxes.

For the fastest installation, our trapdoor covers ship *ready to use* with a pre-installed gasket and decorator-style receptacle.
