## Lamp Catalog

2017-2018

## Important Notice

The data and suggested applications contained in this catalog, as well as any additional information our representatives may be able to furnish, are for general information only and are not intended and should not be taken as representations or warranties as to the suitability of a lamp for any particular application or use in any particular equipment, nor are our representatives authorized to make any such representations or give any such warranties. Applications and conditions of use are many and varied and beyond our control. We do not have the same degree of knowledge that the purchaser has with respect to the design of his equipment and the conditions of its use. Therefore, it is up to the purchaser to make his own determination as to the suitability of a lamp for his intended application or use and to assume responsibility for that determination.

The specifications and information shown in this catalog are believed to be accurate. Although LEDVANCE believes this information to be correct, no warranty is made or implied as to the accuracy of this information and LEDVANCE does not accept or assume responsibility of liability for errors, changes, omissions, or for harm resulting therefrom.

In accordance with our established policy to consistently improve our products, the specifications contained herein are subject to change without notice.

LEDVANCE Analytics & Metrology is a participant in the Energy Efficient Lighting (EEL) Program of the National Voluntary Laboratory Accreditation Program (NVLAP) and is accredited for testing of lighting products according to the guidelines for the EEL Program.

SYLVANIA lamp measurements are conducted in compliance with consensus methods including American National Standards Institute (ANSI), Canadian Standards Association (CSA), Commission Internationale de l'Eclairage (CIE), Illuminating Engineering Society of North America (IESNA) standards and practices, National Electrical Manufacturers Association (NEMA) guidelines, and test standards promulgated by the Department of Energy (DOE), California Energy Commission (CEC), and Environmental Protection Agency (EPA) specific to their regulations. Actual lamp performance may vary depending on application and environment (i.e. ambient temperature, input voltage, ballast type, etc.)

LEDVANCE designs and manufactures lamps to meet American National Standard Institutes (ANSI) and/or IEC (International Electrotechnical Commission) standards of construction and performance through Total Quality Manufacturing (TQM) practices where applicable. In addition, ballasts are designed and manufactured to meet Underwriters Laboratory (UL) and Canadian Standards Association (CSA) safety standards as necessary. Ratings may change as a result of changes made to remain compliant with modified or updated standards. LEDVANCE will release new or updated technical bulletins when appropriate. All product data presented in this catalog supersedes all data published before 10/01/17.

Many SYLVANIA products listed in this catalog qualify under the North American Free Trade Agreement (NAFTA) as manufactured in Canada, the United States of America or Mexico.

## Advancing light in manufacturing

LEDVANCE is committed to investing in a robust domestic manufacturing and logistics network for greater flexibility and higher service levels. We are expanding our manufacturing capabilities beyond our traditional SYLVANIA lighting portfolio. For generations, we have developed new technologies and expanded portfolios to meet the ever-changing needs of more demanding codes, standards and design trends. Our manufacturing locations, as well as distribution and customer service centers, are ISO 9001 and ISO14001 certified following stringent quality and environmental management systems to ensure performance and sustainable practice.

“Our high-quality SYLVANIA light bulbs are a result of over a hundred years of lighting experience in the US. Some of our best innovations come from our manufacturing employees in the factories. All of our employees in our factories and distribution centers are proud, hard-working, and dedicated to delivering the SYLVANIA general lighting you see on retail shelves, through our industrial commercial channel partners, and online,” said Graham Wark, head of North America manufacturing, LEDVANCE.

# A century of ILLUMINATION

Our leadership in the industry results from our proud legacy, which extends back to the dawn of the twentieth century, and points the way for continued success in years to come.

We're proud of our long standing reputation of providing solutions in homes, businesses, institutions and a broad range of specialty applications. Over the years, we've changed to reflect the markets we serve and the customers we reach.

But one thing has remained constant – a belief that our ideas can make a difference in every person's life and that our products reflect a commitment to making our world more comfortable, more productive and more imaginative.

## HOW TO READ PRODUCT INFORMATION – LED

Nominal Wattage	MOL (in)	Base	Product Number	Ordering Abbreviation	Pkg Qty	Beam Angle (deg)	Average Rated Life (hrs)	CCT (K) CRI	Approx. Initial Lumens at 25°C/77°F	Life in Years	Cost per Year	Notes
-----------------	----------	------	----------------	-----------------------	---------	------------------	--------------------------	-------------	-------------------------------------	---------------	---------------	-------

**Base** See Base Identification above.

**Notes** All notes that apply to a specific product will appear in this space. The explanations of the notes are in the notes section.

**Ordering Abbreviation** A text description of the lamp. See below for several examples and explanations of some of the codes.

**Lumens, Beam Angle, CBCP** These columns may contain data for any of these values.

## Downlight LED Retrofits (cont.)

### Accessories for RT4

Product Number	Ordering Abbreviation	Description	Pkg Qty
70696	RT4/TRIM/BLK	Black trim and reflector	4
70697	RT4/TRIM/ORBZ	Bronze trim and reflector	4
70698	RT4/TRIM/SN	Satin nickel trim and reflector	4
70716	RT4/TRIM/ALZAK	Alzak trim and reflector	4
75109	RT4/TRIM/DKBZ	Dark Bronze trim and reflector	4
75105	LED/ADAPTOR/GU24	GU24 socket adaptor	100
75107	LED/ADAPTOR/PUSHWIRE	Push wire adaptor	100

### Accessories for RT5/6

Product Number	Ordering Abbreviation	Description	Pkg Qty
75097	RT56TRIMBLK	Black trim and reflector for RT5/6	4
75098	RT56TRIMORBZ	Bronze trim and reflector for RT5/6	4
75099	RT56TRIMSN	Satin nickel trim and reflector for RT5/6	4
75095	RT5/6/TRIM/DKBZ	Dark bronze trim and reflector for RT5/6	4

### Accessories for RT6

Product Number	Ordering Abbreviation	Description	Pkg Qty
75096	LED/ADAPTOR/MEDBASE	Socket adaptor for non-gimbal version	10
75082	RT6/8/TRIMEXT	6" to 8" Trim extender	6
70663	RT6/RETROFITBAND	Retrofit bands (6" housing models Progress Lighting P87-AT and Lightolier 11041C)	4

### Accessories for RT6 HO

Product Number	Ordering Abbreviation	Description	Pkg Qty
71708	LED/RT6HO/FRAME	Rough in frame	2

### Accessories for RT8

Product Number	Ordering Abbreviation	Description	Pkg Qty
75092	RT8TRIMALZAK	Alzak trim and alzak reflector for RT8	4
75093	RT8TRIMSN	Satin nickel trim and satin nickel reflector for RT8	4
75083	RT8/10/TRIMEXT	8" to 10" Trim extender	6
71709	LED/RT8/FRAME	Rough in frame	2

### Accessories for Light Disk

Product Number	Ordering Abbreviation	Description	Pkg Qty
75100	LD/TRIM/BLK	Black trim for Light Disk	4
75102	LD/TRIM/SN	Satin nickel trim for Light Disk	4
75101	LD/TRIM/DKBZ	Dark bronze trim for Light Disk	4
75105	LED/ADAPTOR/GU24	GU24 socket adaptor	100

### Accessories for LED High Lumen Lamp

Product Number	Ordering Abbreviation	Description	Pkg Qty
75055	LED/ADAPTOR/MOGULBASE	Mogul base adaptor	100

## NOTES FOR LED LAMPS

Symbol	Description
	Product being discontinued once inventory depleted.
★	ENERGY STAR qualified lamp.
	Indoor/outdoor damp rated.
	Indoor/outdoor wet rated.
	DLC = DesignLights Consortium™ (DLC) qualified product (or lamps are in DLC approval process).

Footnote	Description
1	For indoor use only.
2	Operating temperature down to -4°F (-20°C).
3	Operating temperature down to -40°F (-40°C).
4	Suitable for use on compatible dimmers.
5	Not intended for use with emergency light fixtures or exit lights.
6	Use in open fixture.
7	Use in a fixture that supports the added weight of the lamp/bulb.
8	Not intended for use on dimmers.
9	Stated performance is based on 12Vdc input to the MR16 GU5.3 base LED lamp.
10	Not to be used in enclosed insulated ceilings.
11	NSF certified Food Zone (Non-contact splash zone and food zone).
12	For use on IS ballasts (use holder with internal shunt) and select programmed start ballasts (Use rapid-start non-shunted holders).
13	Not intended for use on dedicated voltage ballast.
14	Operating temperature range between -4°F (-20°C) and 122°F (50°C).
15	Use only with Class 2 power supply.
16	This device is not for use with emergency exits.
17	Approved for use in totally enclosed fixtures.
18	De-lamp is not allowed for ISH ballast. For approved ISN and ISL ballast, de-lamp is allowed for only one lamp so long as the ballast factor remains below 1.20.

# SYLVANIA LED

## Lamp Catalog

2017-2018

## Important Notice

The data and suggested applications contained in this catalog, as well as any additional information our representatives may be able to furnish, are for general information only and are not intended and should not be taken as representations or warranties as to the suitability of a lamp for any particular application or use in any particular equipment, nor are our representatives authorized to make any such representations or give any such warranties. Applications and conditions of use are many and varied and beyond our control. We do not have the same degree of knowledge that the purchaser has with respect to the design of his equipment and the conditions of its use. Therefore, it is up to the purchaser to make his own determination as to the suitability of a lamp for his intended application or use and to assume responsibility for that determination.

The specifications and information shown in this catalog are believed to be accurate. Although LEDVANCE believes this information to be correct, no warranty is made or implied as to the accuracy of this information and LEDVANCE does not accept or assume responsibility of liability for errors, changes, omissions, or for harm resulting therefrom.

In accordance with our established policy to consistently improve our products, the specifications contained herein are subject to change without notice.

LEDVANCE Analytics & Metrology is a participant in the Energy Efficient Lighting (EEL) Program of the National Voluntary Laboratory Accreditation Program (NVLAP) and is accredited for testing of lighting products according to the guidelines for the EEL Program.

SYLVANIA lamp measurements are conducted in compliance with consensus methods including American National Standards Institute (ANSI), Canadian Standards Association (CSA), Commission Internationale de l'Eclairage (CIE), Illuminating Engineering Society of North America (IESNA) standards and practices, National Electrical Manufacturers Association (NEMA) guidelines, and test standards promulgated by the Department of Energy (DOE), California Energy Commission (CEC), and Environmental Protection Agency (EPA) specific to their regulations. Actual lamp performance may vary depending on application and environment (i.e. ambient temperature, input voltage, ballast type, etc.)

LEDVANCE designs and manufactures lamps to meet American National Standard Institutes (ANSI) and/or IEC (International Electrotechnical Commission) standards of construction and performance through Total Quality Manufacturing (TQM) practices where applicable. In addition, ballasts are designed and manufactured to meet Underwriters Laboratory (UL) and Canadian Standards Association (CSA) safety standards as necessary. Ratings may change as a result of changes made to remain compliant with modified or updated standards. LEDVANCE will release new or updated technical bulletins when appropriate. All product data presented in this catalog supersedes all data published before 10/01/17.

Many SYLVANIA products listed in this catalog qualify under the North American Free Trade Agreement (NAFTA) as manufactured in Canada, the United States of America or Mexico.

## Advancing light in manufacturing

LEDVANCE is committed to investing in a robust domestic manufacturing and logistics network for greater flexibility and higher service levels. We are expanding our manufacturing capabilities beyond our traditional SYLVANIA lighting portfolio. For generations, we have developed new technologies and expanded portfolios to meet the ever-changing needs of more demanding codes, standards and design trends. Our manufacturing locations, as well as distribution and customer service centers, are ISO 9001 and ISO14001 certified following stringent quality and environmental management systems to ensure performance and sustainable practice.

“Our high-quality SYLVANIA light bulbs are a result of over a hundred years of lighting experience in the US. Some of our best innovations come from our manufacturing employees in the factories. All of our employees in our factories and distribution centers are proud, hard-working, and dedicated to delivering the SYLVANIA general lighting you see on retail shelves, through our industrial commercial channel partners, and online,” said Graham Wark, head of North America manufacturing, LEDVANCE.

# A century of ILLUMINATION

Our leadership in the industry results from our proud legacy, which extends back to the dawn of the twentieth century, and points the way for continued success in years to come.

We're proud of our long standing reputation of providing solutions in homes, businesses, institutions and a broad range of specialty applications. Over the years, we've changed to reflect the markets we serve and the customers we reach.

But one thing has remained constant – a belief that our ideas can make a difference in every person's life and that our products reflect a commitment to making our world more comfortable, more productive and more imaginative.

# LED LAMP SHAPES

A bulb designation consists of a letter(s) to indicate the shape and a figure to indicate the approximate major diameter in eighths of an inch. For example, an A19 bulb is an Aline, 19/8 of an inch in diameter.

## HOW TO READ PRODUCT INFORMATION – LED

Nominal Wattage	MOL (in)	Base	Product Number	Ordering Abbreviation	Pkg Qty	Beam Angle (deg)	Average Rated Life (hrs)	CCT (K) CRI	Approx. Initial Lumens at 25°C/77°F	Life in Years	Cost per Year	Notes
-----------------	----------	------	----------------	-----------------------	---------	------------------	--------------------------	-------------	-------------------------------------	---------------	---------------	-------

**Base** See Base Identification above.

**Notes** All notes that apply to a specific product will appear in this space. The explanations of the notes are in the notes section.

**Ordering Abbreviation** A text description of the lamp. See below for several examples and explanations of some of the codes.

**Lumens, Beam Angle, CBCP** These columns may contain data for any of these values.

## Downlight LED Retrofits (cont.)

### Accessories for RT4

Product Number	Ordering Abbreviation	Description	Pkg Qty
70696	RT4/TRIM/BLK	Black trim and reflector	4
70697	RT4/TRIM/ORBZ	Bronze trim and reflector	4
70698	RT4/TRIM/SN	Satin nickel trim and reflector	4
70716	RT4/TRIM/ALZAK	Alzak trim and reflector	4
75109	RT4/TRIM/DKBZ	Dark Bronze trim and reflector	4
75105	LED/ADAPTOR/GU24	GU24 socket adaptor	100
75107	LED/ADAPTOR/PUSHWIRE	Push wire adaptor	100

### Accessories for RT5/6

Product Number	Ordering Abbreviation	Description	Pkg Qty
75097	RT56TRIMBLK	Black trim and reflector for RT5/6	4
75098	RT56TRIMORBZ	Bronze trim and reflector for RT5/6	4
75099	RT56TRIMSN	Satin nickel trim and reflector for RT5/6	4
75095	RT5/6/TRIM/DKBZ	Dark bronze trim and reflector for RT5/6	4

### Accessories for RT6

Product Number	Ordering Abbreviation	Description	Pkg Qty
75096	LED/ADAPTOR/MEDBASE	Socket adaptor for non-gimbal version	10
75082	RT6/8/TRIMEXT	6" to 8" Trim extender	6
70663	RT6/RETROFITBAND	Retrofit bands (6" housing models Progress Lighting P87-AT and Lightolier 11041C)	4

### Accessories for RT6 HO

Product Number	Ordering Abbreviation	Description	Pkg Qty
71708	LED/RT6HO/FRAME	Rough in frame	2

### Accessories for RT8

Product Number	Ordering Abbreviation	Description	Pkg Qty
75092	RT8TRIMALZAK	Alzak trim and alzak reflector for RT8	4
75093	RT8TRIMSN	Satin nickel trim and satin nickel reflector for RT8	4
75083	RT8/10/TRIMEXT	8" to 10" Trim extender	6
71709	LED/RT8/FRAME	Rough in frame	2

### Accessories for Light Disk

Product Number	Ordering Abbreviation	Description	Pkg Qty
75100	LD/TRIM/BLK	Black trim for Light Disk	4
75102	LD/TRIM/SN	Satin nickel trim for Light Disk	4
75101	LD/TRIM/DKBZ	Dark bronze trim for Light Disk	4
75105	LED/ADAPTOR/GU24	GU24 socket adaptor	100

### Accessories for LED High Lumen Lamp

Product Number	Ordering Abbreviation	Description	Pkg Qty
75055	LED/ADAPTOR/MOGULBASE	Mogul base adaptor	100

## NOTES FOR LED LAMPS

Symbol	Description
	Product being discontinued once inventory depleted.
★	ENERGY STAR qualified lamp.
	Indoor/outdoor damp rated.
	Indoor/outdoor wet rated.
	DLC = DesignLights Consortium™ (DLC) qualified product (or lamps are in DLC approval process).

Footnote	Description
1	For indoor use only.
2	Operating temperature down to -4°F (-20°C).
3	Operating temperature down to -40°F (-40°C).
4	Suitable for use on compatible dimmers.
5	Not intended for use with emergency light fixtures or exit lights.
6	Use in open fixture.
7	Use in a fixture that supports the added weight of the lamp/bulb.
8	Not intended for use on dimmers.
9	Stated performance is based on 12Vdc input to the MR16 GU5.3 base LED lamp.
10	Not to be used in enclosed insulated ceilings.
11	NSF certified Food Zone (Non-contact splash zone and food zone).
12	For use on IS ballasts (use holder with internal shunt) and select programmed start ballasts (Use rapid-start non-shunted holders).
13	Not intended for use on dedicated voltage ballast.
14	Operating temperature range between -4°F (-20°C) and 122°F (50°C).
15	Use only with Class 2 power supply.
16	This device is not for use with emergency exits.
17	Approved for use in totally enclosed fixtures.
18	De-lamp is not allowed for ISH ballast. For approved ISN and ISL ballast, de-lamp is allowed for only one lamp so long as the ballast factor remains below 1.20.
