| Features               | One hundred years after the introduction of the Condulet, Eaton remains the leader in conduit outlet bodies with its Crouse-Hinds series. The line has grown to six families manufactured in a variety of materials, and Form 8 bodies are offered in seven different shapes to provide the most flexible offering on the market. Form 8 Condulet outlet bodies provide more room for heavier conductors. Many shapes and sizes are available for rigid threaded conduit. Two cover screws on all body sizes provide tight |
| Long Description       | Eaton Crouse-Hinds series Condulet Form 8 conduit outlet body, Feraloy iron alloy, LL shape, 1/2"                                                                                                                                                                                                                                                                                                                                                                                                                          |
