## LPNRK30SP 30A 250V TD Dual Elem Class RK1 Low Peak Fuse

*Bussmann Fuses*

|                  |                                                                                                                                                                                          |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Catalog Number   | LPNRK30SP                                                                                                                                                                                |
| Manufacturer     | Bussmann Fuses                                                                                                                                                                           |
| Description      | Eaton Bussmann Series Class RK1 Fuse, LPN-RK, Time-Delay, Dual-Element, Current Limiting Fuse, 30 A, Non-Indicating Fuse, Interrupting Rating Of 300 Ka At 250 Vac and 100 Ka At 125 VDC |
| Weight per unit  | 0.0500 (lbs/each)                                                                                                                                                                        |
| Product Category | Dual Element                                                                                                                                                                             |

### Features

|                  |                                         |
|------------------|-----------------------------------------|
| amperage rating  | 30 A                                    |
| class            | Class RK1                               |
| connection       | Ferrule End X Ferrule End               |
| dimensions       | 2.0000 IN X 0.5600 IN X 0.5600 IN       |
| element          | Dual                                    |
| Fuse Class       | Class RK1                               |
| interrupt rating | 300 kAIC at 250 Vac 100 kAIC at 125 Vdc |
| media            | Yes                                     |
| Response Time    | 8 S at 500%                             |
| Voltage Rating   | 250 VAC, 125 VDC                        |

### Dimensions and Weight

|      |                                   |
|------|-----------------------------------|
| Size | 0.56 In Diameter X 2.00 In Length |
|------|-----------------------------------|

### Descriptions

|                        |                                                                                                                                                                                                                                                                                                                                                                                                 |

| Description            | 30A 250V TD DUAL ELEM CLASS RK1 LOW PEAK FUSE                                                                                                                                                                                                                                                                                                                                                   |
| extra long description | BUSS LPN-RK-30SP LOW PEAK DUAL ELEM                                                                                                                                                                                                                                                                                                                                                             |
| Features               | Bussmann's UL Class RK1 fuse offering includes the industry's most recognized Low-Peak dual-element, current-limiting, time-delay fuses (LPN-RK and LPS-RK) which are also available with optional indication on select ratings (see product data sheet). Complementing the Low-Peak product offering is Bussmann's Limitron family of fast-acting fuses (KTN-R, KTS-R, KWN-R and KWS-R) fuses. |
| Long Description       | Eaton Bussmann Series Class RK1 fuse, LPN-RK, time-delay, dual-element, current limiting fuse, 30 A, non-indicating fuse, interrupting rating of 300 kA at 250 Vac and 100 kA at 125 Vdc                                                                                                                                                                                                        |
| Product Type           | Low Peak Dual Element                                                                                                                                                                                                                                                                                                                                                                           |
| Special Features       | Indicating, High in-rush current motor protection                                                                                                                                                                                                                                                                                                                                               |
