HWDK P8R WALLPLATE, 1-G, 1) DUP, RE	
Hubbell's line of polycarbonate wallplates features larger	
standard sized wallplates to provide extra coverage to hide rough	
box opening, improved aesthetics, greater strength, impact	
resistance, along with easy to clean finish in all different types of	
environments. Hubbell's standard sized wallplates are 1/8 inch	
larger to provide you that extra coverage to hide rough box	
openings. The depth is ¼ inch so that it will comfortably fit over	
the device even on imperfect installations or on retrofit work.
