| extra long description | CRS-H PLG55 1 1/2 SQ HEAD PLG                                                                                                                                                                                                                                                                                                              |
| Features               | Crouse-Hinds series RE, REA and REC explosionproof reducers are used in rigid/IMC conduit systems to reduce conduit hubs to a smaller size (RE), connect two different sizes of conduit together (REC), or enlarge drilled and tapped openings by one NPT size (REA). PLG explosionproof plugs are used for closing threaded conduit hubs. |
| Long Description       | Eaton Crouse-Hinds series PLG conduit plug, Rigid/IMC, Steel, 1-1/2", Square head                                                                                                                                                                                                                                                          |
| Product Type           | 1 1/2 SQ Head PLG                                                                                                                                                                                                                                                                                                                          |
