FOR YOUR HOTEL

the radiant[®] collection

 legrand[®]

**EVERYONE WANTS A HOTEL STAY
THAT'S A STEP ABOVE ORDINARY.**

Now the radiant® collection of switches, outlets and dimmers by Legrand puts that stylish finishing touch affordably within reach. radiant delivers clean looks in a range of colors and metallic finishes, with added functionality to let your guests stay connected. Put more modern convenience at your guests' fingertips. **Go more radiant.**

IN A CONSTANTLY CONNECTED DIGITAL WORLD, THERE SIMPLY AREN'T ENOUGH PLACES TO STAY CHARGED.

Searching for outlets and ports is time consuming and annoying for guests, so there's no greater convenience than having a spot for both charging and power built accessibly into guestroom furniture. **radiant Furniture Power Centers** pair elegant design with the functionality of USB and traditional power. Quick and easy installation means nearly every piece of furniture can be powered up and ready to recharge devices. A sleek, modern design and tamper-resistant receptacles take your suites a step above ordinary.

BASIC POWER UNIT | RDZ

Provide beautiful and ultra-convenient connectivity. This accessible power unit offers two Tamper-Resistant Receptacles and two USB ports with 3.1A total charging.

SWITCHING POWER UNIT | RDSZ

Have it all right at hand. This power unit features two Tamper-Resistant Receptacles, two USB ports with 3.1A total charging and a push button switch that controls a receptacle on the rear of the unit, allowing on/off control of a connected light fixture.

TAMPER-RESISTANT OUTLET | 885TRW

It's safety first with a patented shutter system designed to prevent insertion of foreign objects. This outlet meets NEC® tamper-resistant requirements.

SELF-TEST GFCI OUTLET | 1597TRW

The utmost in protection, this GFCI tests itself every three seconds to exceed the latest industry standards for GFCI safety.

GFCI NIGHTLIGHT | 1597NTLTRW

Shed some light on safety with this self-test GFCI paired with an energy-efficient LED night light.

USB CHARGER WITH TAMPER-RESISTANT OUTLET | TM826USBW

Standard power meets modern convenience with this clever integration of two USB charging outlets, which provide 3.1 amps of combined charging power right alongside standard outlets.

QUAD USB CHARGER | TM8USB4W

With 4.2 amps of charging capacity, the quad USB gives guests the power to charge up to four devices simultaneously without the need for bulky adapters.

TRU-UNIVERSAL DIMMER | RH703PTUW

The simplest solution to every dimming need, this dimmer self-calibrates to work with all dimmable lighting types and loads (except 0-10V loads). White LED enables easy location in the dark.

MULTI-LOCATION MASTER DIMMER | HCL453PMMW

This CFL/LED multi-location dimmer allows dimming from multiple locations.

SINGLE POLE PADDLE SWITCH | TM870W

The radiant Paddle Switch has clean lines and a screwless wall plate that set the standard for the entire collection.

SINGLE POLE LIGHTED SWITCH | TM870WSL

Let your guest easily adapt to unfamiliar spaces with this conveniently lit paddle switch.

OCCUPANCY/VACANCY SENSOR | RRW600UTC

Conveniently turns lights off with an adjustable time delay ranging from 30 seconds to 30 minutes. Easily replaces a standard single pole switch.

FULL LED NIGHT LIGHT | NTLFULLW

Energy-efficient soft-glow LED features five adjustable brightness levels and optional louver for greater light-level control.

NIGHT LIGHT WITH SINGLE-POLE, 3-WAY SWITCH | NTL873WCC6

This night light replaces any existing single-pole or 3-way switch devices and offers a hidden sensor that automatically controls the night light, plus five adjustable light levels (including OFF).

NIGHT LIGHT WITH TAMPER-RESISTANT OUTLET | NTL885TRW

This seamlessly integrated night light features five adjustable brightness levels, an optional louver for greater light control and a hidden sensor that turns light on in the dark, off in daylight.
