| extra long description | NSI SITG-6 POLARIS Grey Replacment |
| Features | The Polaris SITG-6 10-Pack of Replacement Sleeves for Polaris Grey Connectors helps reuse any connectors sized for 6 - 14 AWG wires. Tightening the set screw of a Polaris Grey connector crimps the internal ferrules to form a strong connection with fine-strand wires. These sleeves replace that crimped part, allowing the connector to be reused like new. Polaris Grey provides the simplest solution for forming a secure connection between fine-stranded wire conductors in applications including cable trays, tr |
