Product Specifications

Multi-Purpose Tuff Towel

Part Number TTMP
UPC 781002859505

Our premoistened Multipurpose Tuff Towels feature a powerful yet gentle cleaning formula that can remove paint, ink, tar, adhesives, sealant, grease and oil from tools, equipment, and hands. The dual-purpose texture removes stubborn adhesives and grime by utilizing the green abrasive spun lace fibers on one side. The opposing side of the towel is made from soft yet durable polyester which gently cleans your hands. The unique formula contains a fresh citrus scent and aloe that leaves the skin moisturized. Dotties Multipurpose Tuff Towels allow for you to keep clean on the jobsite without the need for water. The simple yet practical packaging design allows for the towels to be stored in your glove box, tool bag, and anywhere space in limited and extends the life of the towels by reducing the air inside the package, unlike other canisters in the marketplace. The snap close lid provides easy access to the towels and keeps an airtight seal.
